# Forever Smiles

*"Together we can tackle the most common chronic childhood disease of the day – Tooth Decay."*

Dental care, especially for our special kids with Cerebral Palsy, Muscular Dystrophy, Mental Retardation, Down Syndrome and Organ Transplant Surgery, is the greatest unmet need for families. As little as 5% of a life insurance policy or estate plan will impact the quality of life for future generations. With just a bit of planning, you can make a gift to the Humanitarian Foundation through your will, insurance policy or retirement plan and still preserve wealth for your family. You can make a greater impact on the dental needs of special needs children, create an enduring legacy for years to come and possibly reduce your federal and state estate taxes.
